

**Memorandum of Understanding**  
between  
**PAMPANGA AGRICULTURAL  
COLLEGE**  
and  
**Faculty of Agriculture  
UBON RAJATHANEE UNIVERSITY**

The **Faculty of Agriculture, Ubon Rajathanee University (UBU)** and **Pampanga Agricultural College (PAC)** are committed to establish a sustainable scientific and educational collaboration. The understanding is aimed at undertaking collaborative activities for environmental and biodiversity concerns and for increased productivity in the agriculture sector, agribusiness and agriculture related industries, and livelihood development of the rural and peri-urban sectors of Thailand and the Philippines. Strategically, the collaboration shall focus on the improvement of education, research and development, extension and training and production programs of the two state institutions of higher learning, through the use of modern and effective methods and techniques for learning and problem analysis, as well as in the adoption of appropriate programs relevant to changing structures of the various industries, and demands of domestic and global markets and economy.

Likewise, this Memorandum of Understanding (MOU) is envisioned to provide for opportunities to stimulate non-government sectors' involvement with **UBU** and **PAC** in accomplishing their mandates.

The collaborative activities between **UBU** and **PAC** will include but shall not be limited to the following:

1. *Fellowship or exchange programs for staff and students;*
2. *Research and development (R&D) projects;*
3. *Extension and training projects related to the results of R&D activities;*
4. *Introduction of modern technology for further improvement of the two institutions, biodiversity and environmental conservation projects, and physical and human resources sharing.*

The specific annual program of work which will be developed by the two institutions shall form an integral part of this MOU. Each institution shall designate a representative and a core group for the said purpose.

Funding arrangements will be stipulated in the specific annual program of work and will require concurrence by the two institutions through their representatives.

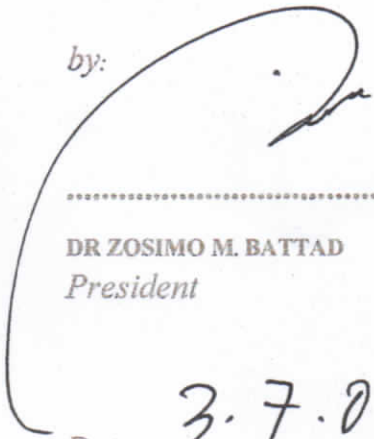

This MOU shall be for a period of five (5) years effective upon the date on which the last representative signed this instrument. It can be terminated with one (1) month's notice by one of the institutions, subject to mutual agreement on pertinent obligations related with any project at the time of notice. Likewise, amendment or revision may be made upon the mutual consent of both parties.
